Experience

Freelance Full Stack Developer | Remote & On-site

Apr 2025 – Present

- Designed responsive UIs using React.js and Tailwind CSS.
- Developed and deployed e-commerce websites with product listings, carts, and payment gateway integrations, ensuring a smooth customer experience.
- Built custom portfolios and business websites for clients, focusing on SEO optimization and performance improvements.
- Improved performance with React.memo, lazy loading, and Webpack.
- Collaborated with teams to refine UI/UX with Figma and Storybook.
- Tech Stack: React.js, React Router, Node.js, Express.js, MongoDB, Tailwind CSS, Python, GitHub.

Frontend Developer (Contract) | Hudl | Mumbai

Oct 2024 – Mar 2025

- Built over more than 30 reusable UI components in React for the Sports Analytics Dashboard, boosting development speed by approximately 30%.
- Integrated Razorpay and Cashfree payment gateways into the Subscription System for Coaches, ensuring smooth and secure transactions.
- Optimized data fetching with React Query in the Match Highlights Portal, decreasing load time by around 25%.
- Collaborated with backend engineers on the Player Performance Tracker, testing APIs and resolving integration issues.
- Contributed to UI/UX improvements of the Coach Review Platform, enhancing usability and client satisfaction.
- Tech Stack: React.js, React-Router, React Query, Tailwind CSS, Razorpay API, Cashfree API, GitHub

Full Stack Developer (Intern → Full Time) | DigiChefs | Mumbai

Feb 2024 – Sep 2024

- Implemented REST APIs with Node.js & Express for marketing data, integrating them with React dashboards for real-time client reporting.
- Designed and optimized MongoDB schemas to handle campaign metrics, improving query performance and reducing API response times by 20%.
- Improved frontend performance through Web Vitals checks, achieving up to 50% faster page loads across client websites.
- Built responsive UI components with Tailwind CSS, ensuring mobile-first design for multiple client projects.
- Created and maintained component documentation with Storybook, which improved collaboration and cut onboarding time for new developers by roughly 25%.
- Tech Stack: React.js, React Router, Node.js, Express.js, MongoDB, Chart.js, Tailwind CSS, Storybook, Web Vitals

Qualification

- MCA – Master of Computer Applications | Mumbai University (2022–2024) | CGPA: **8.24**
- B.Sc. – Information Technology | Mumbai University (2019–2022) | CGPA: **7.77**

Projects

Book Store (React, Tailwind, REST API) | [\[GitHub\]](#) | [\[Live Demo\]](#)

- Online marketplace with advanced search & cart system.
- Improved discoverability by 35% with optimized frontend.
- Ensured 100% mobile responsiveness with lazy loading.

DevSync—MERN Stack Team Collaboration Platform (MongoDB, Express.js, React, Node.js)

- Implemented live team chat and real-time updates using WebSocket for seamless communication.
- Integrated Google Calendar API to schedule and sync sprints, deadlines, and meetings effectively.
- Utilized MongoDB for storing project boards, user data, and task logs, backed by a Node/Express API.

Achievements-live

- Advanced React (Coursera), Programming with JavaScript, Version Control (GitHub), Soft Skills
