

MOINUDDIN KHAN

Full Stack Software Engineer

Mumbai, India | moin06.dev@gmail.com | 9970-078-513 | [LinkedIn](#) | [Portfolio](#) | [GitHub](#)

SUMMARY

Full Stack Developer with 2+ years of experience building modern, scalable web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in developing responsive user interfaces, REST APIs, and clean backend architectures with a strong focus on performance and user experience. Quick learner with strong problem-solving skills and experience working in collaborative development environments.

SKILL

- **Frontend:** React.js, JavaScript, TypeScript, HTML5, CSS3, Tailwind CSS, Bootstrap
- **Backend:** Node.js, Express.js, REST APIs, WebSocket
- **Databases:** MongoDB, MySQL
- **Architecture:** Scalable APIs, Reusable Components, MVC Architecture, State Management
- **Cloud & Deployment:** Firebase, Vercel, Render, AWS
- **Tools:** Git, Postman, VS Code, Cloudflare

WORK EXPERIENCE

Trendy

Sep 2024 - Current

- Developed scalable full stack web applications using React.js, Node.js, Express.js, and MongoDB with a strong focus on clean architecture and performance.
- Built responsive and user-friendly interfaces while collaborating with designers and developers to improve overall user engagement and experience.
- Integrated REST APIs, authentication systems, payment gateways, and third-party services for seamless application functionality.
- Optimized application performance through code improvements, reducing load times by nearly 35%.
- Created reusable components and scalable modules, improving development efficiency and reducing repetitive development effort by 25%.
- Resolved production issues, enhanced application stability, and managed workflows using Git/GitHub, helping reduce recurring bugs by 30%.

Trendy (Internship)

Mar 2024 - Aug 2024

- Assisted in developing frontend features using React.js and JavaScript while gaining hands-on experience with real-world development workflows.
- Worked with senior developers on API integration, bug fixing, and responsive UI implementation to improve application performance and usability.

EDUCATION

Master In Computer Application

2022 - 2024

Mumbai University

- Relevant coursework in web development, DBMS, and software engineering.
- CGPA: 8.24/10.

Bachelor of Science Computer - Information Technology

2019 - 2021

Mumbai University

- Relevant coursework in information technology, programming, and database management.
- CGPA: 7.77/10.
